FAQs about The Dallas Foundation's Online Portal

The Dallas Foundation's online portal offers you, as fund advisors, secure, 24/7 access to monitor your fund and recommend grants using an intuitive online platform. Our staff has worked diligently to ensure My TDF Login's ease-of-use and functionality, but we know that any change can be challenging to navigate. As you explore the portal, we anticipate that you may still have questions and have tried to anticipate many of those in this document.

About the Foundation

The Dallas Foundation brings together people, ideas, and investments in Greater Dallas so individuals and families can reach their full potential. Working closely with our donor partners, we share our expertise, leadership, and the opportunity to co-invest in solutions that match their interests and make a meaningful difference. We also support programs that benefit children ages birth to three as well as the civic priorities of Dallas, and prioritize partnerships that reduce intergenerational poverty and meet today's pressing needs while positioning Greater Dallas for a brighter, more equitable tomorrow.

GENERAL FAQs

Where do I find my fund balance?

The **Home** tab of the portal displays the current fund balance as well as the spendable balance available to grant. You will also see recent contributions to the fund and recent grants made from the fund. Just below the spendable balance you will see the name of the foundation contact for your fund.

If the current fund balance and the spendable balance don't match, this is due to scheduled grant payments. Please note that to avoid arrears, the minimum fund balance is set at \$2,500 which will also impact the spendable balance.

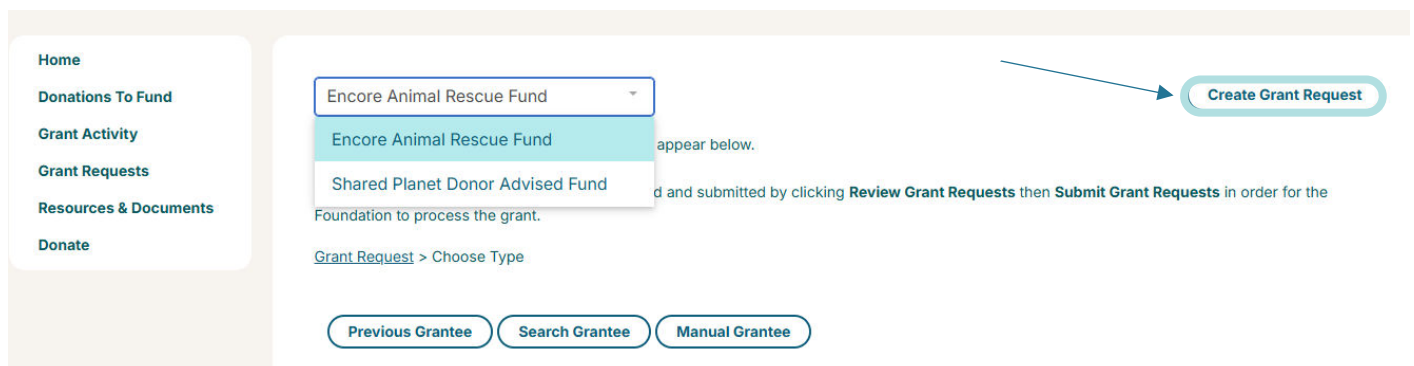

The screenshot shows a dashboard for the 'Encore Animal Rescue Fund'. On the left is a navigation menu with 'Home' selected. The main area displays a dropdown menu for the fund name, a 'Create Grant Request' button, and two balance cards: 'Current Balance' at 676,849.02 and 'Balance Available to Grant' at 604,349.02. Below this, the 'Foundation Contact' is listed as Mr. Paulino Lopez, Scholarships Manager, with a phone number (214-694-2517) and email (plopez@dallasfoundation.org).

How do I recommend a grant?

Once you've logged in to My TDF Login and, if you have more than one fund at the Foundation, selected the fund from which you want to make your grant recommendation, you may click **Create Grant Request** from the upper right-hand corner of any page.

Once you have done so, you may choose the type of grant request you want to make:

- **Select a Previous Grantee** you've given to in the past by clicking in the box, and selecting from the drop-down menus.
- **Search for other Grantees** at the Foundation or in Candid by entering part of the organization name, city, state and/or EIN.
- **Enter Grantee information** manually. You will need the name, address and zip code of the grantee. Phone number, email and/or EIN are not required but encouraged to expedite the grant.

This screenshot shows the 'Create Grant Request' button highlighted with a red arrow. A dropdown menu is open below the fund name, showing 'Encore Animal Rescue Fund' (selected) and 'Shared Planet Donor Advised Fund'. Below the dropdown are three buttons: 'Previous Grantee', 'Search Grantee', and 'Manual Grantee'. The text below the dropdown indicates that the selected fund will appear below and that the request should be submitted by clicking 'Review Grant Requests' then 'Submit Grant Requests'.

Once you select the grantee, the system will automatically move to a screen where you can:

- Add a **description** to let the grantee know how the grant is to be used. (For example, general operating or a specific campaign.)
- Include the **amount**.
- Indicate whether you want the grant to remain **anonymous**;
- Check whether you want to make this a **recurring** grant.
If you choose to make a recurring grant, you will need to add when you would like this to begin, how often you would like this to go out and how many occurrences you would like to make. By entering a number in the “Number of Recurring” box, the total of the indicated payments will be taken from your fund balance. By leaving the number of occurrences blank, only individual payments will be taken from your fund balance at the time of payment. For this option, payments will continue to distribute based on your specifications until you contact The Dallas Foundation to stop the payments. If you do not want this to be a recurring grant, please skip this step.
- **Upload an attachment** (optional) such as when you are responding to a sponsorship request or campaign appeal, or if you have any other communications related to the grant. If you upload an attachment, please be sure to complete the attachment description field so that our staff has as much information as possible.
- Add any **additional notes or special instructions** you want our staff to see before processing your grant request.

Where can I find my fund statement?

You may reorder the list by clicking on the column names. To view or print a fund statement, click on **View** to the right of the statement. Can I download a list of my grantees or contributions?

You may sort grants or contributions simply by clicking the column on which you want to sort the information. Clicking once sorts oldest/smallest to newest/largest; clicking once again resorts the data from newest/largest to oldest/smallest.

- Click on **Export** to download all transactions from the Contributions or Grants tabs. Doing so will generate and download a .csv file.
- Click on **Filter** to narrow the list to before or after a certain date.

How do I find the current investment allocation for my fund?

Information about the investment pool(s) you have selected can now be found on your monthly fund statement.

My version of My TDF Login has tabs entitled Vendor Payables and Non-deductible Portion. What should I expect to see there?

Community Fund partners of The Dallas Foundation also have sight into other expenses paid from the fund; these will be listed under the Vendor Payables tab.

The Non-deductible Portion tab displays dollars received into the fund which are not tax deductible. While these funds are listed separately from total donations, they are reflected in your fund balance.

I don't want to use the portal. Is there another way to access my fund?

To ensure accuracy and prompt payment, we encourage fundholders to make grant recommendations via the MyTDF Login portal. However, we know that this service does not appeal to everyone.

To make an offline grant recommendation, email the following to your foundation contact:

- Name of fund
- Name of recipient organization
- Amount of grant recommendation
- Description/purpose of grant
- EIN (if known)
